EDUCATION

Sungkyunkwan University, Seoul, Korea

M. S., Applied Artificial Intelligence, March 2020 - Present

- Adviser: Professor Eunil Park

B. S., Arts in Psychology and Science in Engineering, March 2016 - August 2020

RESEARCH INTERESTS

- Human-Computer Interaction
- Cognitive Psychology
- Data Science, and Data Analytics
- Application of Artificial Intelligence

PUBLICATIONS

[1] **Oh, S.**, Kim, J., Ji, H., Park, E.*, Han, J., Ko, M., & Lee, M. (accepted).
Cross-cultural Comparison of Interactive Streaming Services: Evidence from *Twitch*, *Telematics and Informatics*, ISSN: 0736-5853 (SSCI, JCR 2019 IF=4.139, Q1 in *Information Science & Library Science*).

[2] Kim, J., Shin, S., Bae, K., **Oh, S.**, Park, E.*, & del Pobil, A. P. (accepted).
Can AI be a content creator? Effects of content creators and information delivery methods on the psychology of content consumers, *Telematics and Informatics*, ISSN: 0736-5853 (SSCI, JCR 2019 IF=4.139, Q1 in *Information Science & Library Science*).

[3] Kim, J., Ji, H., **Oh, S.**, Hwang, S., Park, E.*, & del Pobil, A. P. (accepted).
A deep hybrid learning model for customer repurchase behavior. Journal of Retailing and Consumer Services (SSCI, JCR 2019 IF=4.219, Q2 in *Business*).

ACADEMIC SERIVCES

- Teaching Assistant, Undergraduate Course, AAI3020: Capstone Design Project for Artificial Intelligence, Fall 2020

RESEARCH PROJECTS

[1] Researcher, "Towards Super Sapiens: Superintelligence for Future Human Innovations" (Korean: ICT명품인재양성(성균관대학교); Sungkyunkwan University (Sep 2020 – Dec. 2020)

[2] Principal Investigator, "Exploring user experience of augmented reality and virtual reality products" (Korean: 증강현실, 가상현실 기술을 통한 상호작용 활성화와 관련 기술 및 제품수용 증대 방안; Sungkyunkwan University (June 2020 – Aug. 2020)

[3] Assistant Researcher, "Developing a Deep Learning Model for Predicting Service Reuse" (Korean: 딥러닝 기반 서비스 재이용 예측 모델 개발; Sungkyunkwan University (July 2019 – Aug. 2019)

EXPERIENCE

- Research Intern, dxLab, Sungkyunkwan University, Summer 2019 - Summer 2020
- Language Exchange Student, Oakayama University, Japan, Feb. 2019 - March 2019
- Internship program, Silikal GmbH, Frankfurt, Germany & Seoul, Republic of Korea, Feb. 2018 - July 2018

Technical Skills

Programming languages

- Python (proficient), Javascript (experienced), C (experienced)

Deep learning frameworks

- Tensorflow, Keras, Pytorch
